

Gabriel Almeida Iglesias Gomes

Curriculum Vitae

Oceanographic Institute - São Paulo University

Praça do Oceanográfico, 191 – São Paulo, SP – Brasil

+(55) 21 97169-0793 – gabriel_iglesias@usp.br / gabriel.a.i.gomes@hotmail.com

Higher Education

- 2024 – Present** M.Sc., Physical Oceanography – Oceanographic Institute, São Paulo University (USP)
- 2018 – 2023** B.Sc., Oceanography – Oceanography Faculty, Rio de Janeiro State University (UERJ)

Research Experience

- 2024 – Present** Master's student at Ocean Dynamics Laboratory (LaDO) – Oceanographic Institute - São Paulo University
- Title: Submesoscale activity of the Intermediate Western Boundary Current in the Santos Basin.
- Scientific Initiation under the grant of Coordenação de Aperfeiçoamento de Pessoal de Nível Superior (CAPES) and Petrobras.
- 2023** Intern at Ocean Dynamics Laboratory (LaDO) – Oceanographic Institute - São Paulo University
- Title: Characterization of the Mixed Layer Deformation Radius along the Western Boundary of the South Atlantic Subtropical Gyre.
- Scientific Initiation under the grant of Conselho Nacional de Desenvolvimento Científico e Tecnológico (CNPq).
- 2021 – 2023** Intern at Dynamic and Synoptic Meteorology Laboratory (LaDSin) - Rio de Janeiro Federal University (UFRJ).
- Title: Research and Development in Applied Meteorology for the Petroleum Industry — Petrobras/CENPES Project.
- Scientific Initiation associated with a project between Petrobras and UFRJ.
- 2019** Volunteer Intern at Oceanographic Instrumentation Laboratory (LIOc) - Rio de Janeiro Federal University (UFRJ).
- Title: First Steps in Oceanographic Instrumentation with CTDs.

Articles

- 2026** In prep.
Title: *Sustained topographic-driven instabilities along the Brazilian continental slope.*

Conferences

- 2026** Ocean Sciences Meeting 2026
Title: *Pathways to Energy Dissipation in the Intermediate Western Boundary Current of the South Atlantic.*
Glasgow - Scotland
- 2025** XVI Simpósio sobre Ondas, Marés, Engenharia Oceânica e Oceanografia por Satélite – XVI OMARSAT
Título: *Submesoscale activity of the Intermediate Western Boundary Current in the Santos Basin.*
Cabo Frio - RJ, Brazil
- 2024** Attendee, CPAM 2024 – Pan-American Conference on Meteorology and Symposium on Climate, Water, Energy, and Food
São Paulo - SP, Brazil
- 2023** XV Simpósio sobre Ondas, Marés, Engenharia Oceânica e Oceanografia por Satélite – XV OMARSAT
Title: *Characterization of the Mixed Layer Deformation Radius along the Western Boundary of the South Atlantic Subtropical Gyre.*
Cabo Frio - RJ, Brazil
- 2022** Undergraduate Research Symposium – SIAC/JIC – UFRJ
Title: *A Preliminary Study on the Spatial Variability of ERA5 Reanalysis Data Reliability for the Campos and Santos Basins, Brazil.*
Rio de Janeiro - RJ, Brazil
- 2022** Ocean Sciences Meeting 2022
Title: *Feasibility of ERA5 Reanalysis Datasets on Metoceanographic Parameters for the Campos and Santos Basins - Brazil.*
Online
- 2021** XIV Simpósio sobre Ondas, Marés, Engenharia Oceânica e Oceanografia por Satélite – XIV OMARSAT
Title: *Preliminary Study of the Accuracy of ERA5 Reanalysis Compared with Observed Wind and Wave Data from PNBOIA.*

Cabo Frio - RJ, Brazil

2019 Attendee, XIII Simpósio sobre Ondas, Marés, Engenharia Oceânica e Oceanografia por Satélite – XIII OMARSAT
Arraial do Cabo - RJ, Brazil

Certifications

2025 Course, *Exploring Gravity Waves with Data Analysis*. – Olavo Badaró Marques
- Oregon State University
São Paulo - SP, Brazil

2021 Course, *Oceanografía: una clave para entender mejor nuestro mundo* – Universidade de Barcelona (Coursera)
Online

2021 Course, *Large Marine Ecosystems: Assessment and Management* – (Coursera)
Online

Oceanographic Cruises

2023 AX97 transect - Monitoring the upper ocean transport variability in the western South Atlantic (MOVAR) – carried out aboard the navy vessel Amazonas (Marinha do Brasil).
